

Return to Sport Safely

Simple online attendance tracking and secure reporting for sports clubs to keep our communities safe from COVID-19.

Eliminate manual data entry and tedious information gathering with Rosterfy's attendance tracking and reporting software

1. Reliable Attendance Tracking

Track attendance records through a simple check in and out platform for your players, volunteers, coaches, parents and administrators in real time.

2. Secure Reporting Platform

Easily record attendance, search by date and communicate directly with players, coaches, administrators, parents and officials.

3. Simple Data Recording

Import your club data and create custom registration forms and questions, Rosterfy can be used to capture the data that you need to ensure that your club operates in accordance with government guidelines.
