# Introducing the Rosterfy Volunteer App!

Rosterfy's new volunteer mobile app, empowers volunteers to take control of their volunteer experience, any place, any time, from the palm of their hands.

## Benefits to Administrators

- Enhance the volunteer user experience to ensure that your volunteer program stands out from the crowd
- Increase exposure for your organisation by making it simple for volunteers to find and apply for opportunities
- Streamline check in and out with QR codes

## Benefits to Volunteers

- Create a single login to access multiple opportunities
- Update personal details with ease
- Find and apply for volunteer roles with your preferred organisation
- Check in and out with ease using a QR code on the mobile app
- Get instant alerts, notifications and reminders

*"At Rosterfy our mission is to connect communities to events and causes people are passionate about, which is why we're so excited about our app. Designed with volunteers at the forefront, volunteers are going to love the Rosterfy Volunteer App, empowering them to find, apply and manage their volunteer opportunities from the palm of their hands. "*

## Bennett Merriman

CEO, Rosterfy

| Search/ Filter Opportunities | ✅ | ✅ |

## Important!

For your volunteers to see your organisation listed in the Rosterfy Volunteer App, **volunteers must first register to be a volunteer on the desktop version of Rosterfy**.

Once registered via the desktop version of Rosterfy they will be able to download the app and join your community.

It is on our roadmap to allow new volunteers to register as a new volunteer via the app but this feature currently isn't available.
